01

General Introduction

Beijing ZhenYuan is a Private Security company located in Beijing, China. Since its establishment in 2021, Beijing ZhenYuan Security Service Co., Ltd. has rapidly grown into one of the leading enterprises in Beijing's security service industry. The company now has 9 professional security supervisors, over 200 specialized security personnel, and more than 500 security staffs. Its service network covers the whole country and extends overseas, consistently providing high-standard, professional security solutions to diverse clients.

The background is a dark teal color. At the top, there is a faint, light-colored map of China. Overlaid on the map are several wavy, golden lines that resemble a stylized topographical or data visualization. The overall aesthetic is modern and professional.

02

Business within China

The company's core services comprehensively cover key sectors such as large enterprises and public institutions, government agencies, hospitals, and financial institutions. It offers a full range of services including order maintenance, fixed-point guarding, area patrols, and specialized security protection. In critical missions such as epidemic prevention and control and major event security, the company has demonstrated outstanding performance. It has undertaken a series of large-scale government projects including the distribution of epidemic prevention supplies in Beijing, the evacuation of homesteads in urban villages, and the Pinggu Peach Blossom Festival, highlighting its strong execution capabilities and emergency response proficiency. In daily operations, the company is responsible for the overall management and deployment of all traffic management assistants in Changping District, and provides continuous, reliable security services for numerous public institutions in Beijing, including hospitals, kindergartens, nursing homes, and large shopping malls. With its rigorous professional attitude and efficient service system, Beijing Zhenyuan has earned widespread trust and recognition from clients and society.

Vocational Skills Training School

To strengthen professional talent development, Beijing ZhenYuan founded Tian'an Shengshi Vocational Skills Training School in July 2023. The school covers an area of 5,000 square meters and is the only professional institution in Pinggu District that integrates pre-job training for security officers with vocational qualification training. With a professional teaching team, it offers systematic courses for security officers, security supervisors, personal protection officers, and firefighters. The school's trained professionals are directly assigned to the group's security companies, forming a complete closed loop of "training—practice—feedback optimization." This creates a high quality ecosystem where training and practical application are seamlessly connected and mutually reinforcing, ensuring a supply of high-quality security talent for the company.

Security Dog Training Base

The company established a Security Dog Training Base in 2024 and formed a professional canine search and rescue unit. The base has introduced top-tier canine training expertise, including CKUWDC International Working Dog Championship-winning trainers, International Practical Dog Competition decoy specialists, and fire and rescue dog instructors. These professionals train various working dogs, such as search and rescue dogs and riot control dogs, enabling the base to gradually undertake high-demand security services across China—including regional patrol, criminal investigation, emergency rescue, as well as narcotics detection and explosive disposal.

At the same year, ZhenYuan established Pinggu ZhenYuan Emergency Rescue Center in Beijing. Dedicated to the part of emergency rescue and disaster response, taking concrete actions to guard public safety and contribute to building a safer society.

Modern Training Base

In 2024, to further expand its operations in China, Beijing ZhenYuan established a modern security training base in Wenchang, Hainan Province. Covering an area of 89,000 square meters, the base is equipped with advanced teaching facilities and supports multi-disciplinary, high-standard practical training, further enhancing the company's comprehensive service capabilities in the high-end security sector.

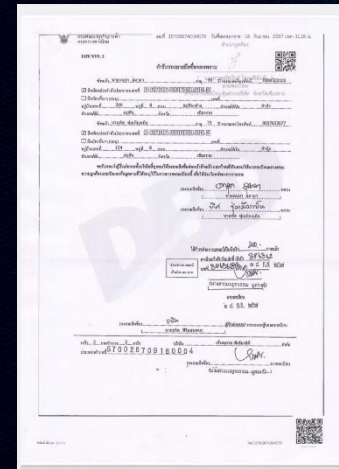

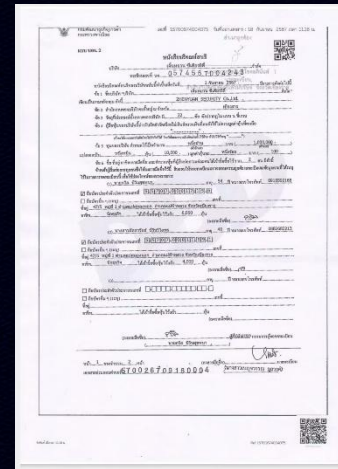

03

Overseas business

In the global security market, Beijing Zhenyuan remains committed to its core principles of "professional skills and high-quality service." Leveraging a solid talent pool, an advanced training system, and diversified service offerings, the company is dedicated to providing clients with comprehensive and reliable security solutions, working together to build a stable future.

ZhenYuan (Thailand) Security Co.,Ltd located in the border area of northern Thailand with Laos and Myanmar (the area is traditionally known as the "Golden Triangle"). It is an armed security company registered and recognized by the Thai government. It has an armed security team of over 30 people and is the main force assisting the local government in maintaining public order. At the same time, it also cooperates with the Thai border defense forces to maintain border order, crack down on illegal immigration, smuggling and drug trafficking.

Zhen Yuan (Thailand) have around 60 arce (150 rai in Thai unit) of comprehensive land locally, which can be used for team accommodation, shooting range and firearms training, as well as various types of training.
